

SLIPS, TRIPS, AND FALLS:

A Comprehensive Lineup of Products for Prevention and Safety

WORKING AT HEIGHTS:

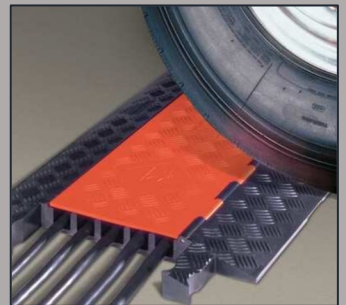

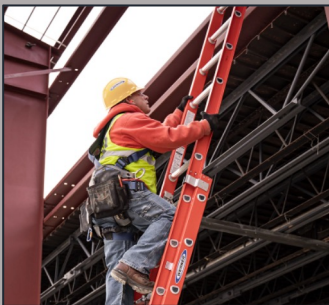

- Step up your safety game with Werner step ladders, equipped with slip-resistant foot pads, rear horizontal supports, and heavy-duty spreaders for ultimate stability.
- Elevate your fall protection with Werner harnesses that feature relief cords and WebAlert™2 webbing, making damage detection quick and easy.
- Safeguard against rooftop falls with Garlock's OSHA-compliant Set & Prevent RailGuard 200 Base, fortified with reinforced rebar for unmatched security.

HAZARD REMOVAL & TRIP PREVENTION:

- Elevate safety and efficiency with Gleason Reel's innovative solutions that effortlessly keep cords off the ground, minimizing tripping hazards.
- Experience unmatched slip and trip prevention with NoTrax's Safety Stance® non-slip mats. These versatile mats are perfect for wet and dry environments, and they're resilient against industrial oils and chemicals.
- Take a step towards safety with Checker's Guard Dog® low-profile cable protectors, ensuring secure crossings for both vehicles and pedestrians.

SLIPPERY SURFACES:

- Elevate your spill defense with Oil-Dri's QuickSorb absorbent, which outperforms traditional clay, and Oil-Dri's comprehensive spill kits, available in Universal, Oil-Only, and Hazmat options. Each kit includes socks, pads, a disposal bag, and a guidebook, offering unbeatable spill prevention and control.

The US Department of Labor highlights that most general industry incidents stem from trips, slips, and falls. With numerous daily hazards in play, ensuring a comprehensive safety strategy can be daunting.

Enhance your facility's safety measures and ensure OSHA compliance! Reach out to your LineDrive Solutions Consultant to schedule a complimentary safety evaluation.
